

FOUNDATIONS OF MONTESSORI INCLUSION IN ELEMENTARY (FMIE)

50 years of Montessori inclusion knowledge and expertise presented online.

August 2-13, 2021, half-day sessions, PLUS

8 monthly, online Saturday sessions, September 2021- April 2022

Another World-Class Inclusion Course

Learn to include more children with diverse needs in the Montessori Elementary classroom from prominent medical practitioners and inclusion experts who have Montessori training and experience working with children in Montessori schools. Here are some highlights:

- How to build and implement authentic Montessori inclusion practice in the Elementary classroom through prepared adults, prepared environments & prepared materials of development.
- The roles of the developmental team in supporting social integration and development through observation, diagnosis, Montessori Therapy and Montessori Inclusion Pedagogy.
- Proven approaches to the inclusion of children with language, social, emotional, cognitive, motor or sensory differences.
- Parent communication and engagement, goals and challenges, and the vital role of the parents/guardians; and more!

Montessori answers to your inclusion questions!
